EXPERIENCE

Process Improvement Manager – India

CHEP India Pvt Ltd | India

2024-2025

- Directed strategic planning for process improvement initiatives aligned with organizational OKRs, driving cost optimization and operational scalability, partnered with leadership to define long-term business roadmaps.
- Led enterprise-wide OpEx and PMO portfolio, ensuring delivery of improvement projects on time, within scope and budget.
- Designed and executed strategic CI roadmaps, achieving cycle time reduction, cost savings, and standardized processes across operations.
- Directed multiple cross-functional projects (Global & India), conducting RCA, KPI monitoring, and implementing corrective actions, leading to an annual savings of \$0.1M.
- Delivered Lean Six Sigma training and workshops, embedding a culture of CI and capability building across teams.

- Partnered with senior leadership and global stakeholders to ensure SLA adherence, risk mitigation, and benefit realization.

Associate Director – SCM, Asst. Manager – SCM

Khanal Foods Pvt Ltd – Dogsee & Himalayan Natives | Bengaluru, KA, India

2020-2023

- Led strategic capacity and supply planning to align supply, inventory and logistics with growth targets.
- Designed and implemented cost-efficient supply chain models, cutting operational expenses by 20% through demand planning & EOQ optimization.
- Led cross-functional improvement projects (transport cost analysis, dock metrics, outbound product mix), reducing logistics charges by 5%.
- Defined and operationalized KPIs & reporting frameworks for supply chain and process performance.
- Negotiated international contracts and drove digital transformation initiatives, implementing workflow automation in logistics.

Operations Associate

PinkBlue Supply Solutions | Bengaluru, KA, India

2019-2020

- Spearheaded end-to-end HMS implementation projects, including stock audits, ERP setup, and client training.
- Applied Agile (sprint-based planning & feedback loops) to ensure smooth adoption and project success.
- Optimized inventory forecasting & working capital management for 1,000+ SKUs, reducing excess stock while ensuring availability.

Executive – Operations

LEAP India Pvt Ltd | Bengaluru, KA, India

2016-2018

- Streamlined logistics workflows, achieving 95% OTIF and reducing errors by 20% using Lean Six Sigma.
- Enhanced QA by 20% via audits, material inspections, and Kaizen-led corrective actions.
- Developed weekly/monthly procurement & production plans aligned with business demands.
